

August's big update:

*This document covers a lot of information. Please read through carefully before asking questions, though questions are welcome if information is not available.*

1. **DUES ARE DUE.** If you have not paid them by midnight, tomorrow, Thursday, August 15th, you WILL receive a late fee.
2. Board meeting minutes are attached to this email.
3. There is an **ALL LEAGUE MEETING** scheduled for **Sunday, August 25<sup>th</sup>** during our regularly scheduled practice time. **Attendance is MANDATORY** for everyone who skates with us. It will involve league updates, as well as a thorough cleaning of the floor in order to maintain our use of the space. In addition, it will be the first of our Beasley Planning Meetings, which everyone is required to help out with. It will also involve good company, music, and possibly some kind of food.
4. Beasley planning meetings will take place every Sunday from 8-9pm at Gladish after practice, up until the bout. Be prepared to show up provide helpful information and action. Everyone will be part of a committee.
5. Please [use this calenda](#) to keep up to date with practice schedules, planning meetings, etc. before posting questions about time/locations all over facebook.
6. Knee pad covers will be coming shortly (thanks to Kraken and Kraken's mom!)

The roster for Rodeo City on September 14<sup>th</sup> is as follows:

*Betty Rumble*

*Bunny Rabbid*

*Curls Gone Wild (ALT)*

*Dixie Derailer*

*Extermicate*

Attendance is a major concern of the coaching committee. Techno will be drafting an updated league policy that will include limited leave days and the ability to "make-up" practices, which will be discussed at the next meeting.

## **Upcoming Events:**

If you have questions or concerns regarding these events, please contact [events.rhdd@gmail.com](mailto:events.rhdd@gmail.com). It is a very busy time for RHDD, and everyone needs to pull together to help share the load, especially off of those who consistently help out. Attendance will be signed in at every future event in order to maintain record.

## Refs

Should refs be required to pass skills? Attendance requirements?

Typically leagues have a "head ref" to organize bouts and requirements

Ref assessment test (for certification)?

Would be helpful to have refs at bouters practice
